2. Other: I'd retain the information better with at least 2-3 clinical examples for each non-clinical and airline/NASA example. I still haven't heard back from John Westphal with the Falls white paper he wrote. I couldn't access it on the OE web site. I emailed him and left a voice mail message. I've been requested by a large health system to present what I learned in this class. I did this and told them I'd recommend they send a core cadre of employees through this course. It's very expensive for them John also said he would send our class the newTrajectories model when it is complete. I really need it
